

Intern (full-time and part-time)

Tag a+m is looking for an intern to join our team in Barcelona. We are looking for young talents who are passionate about Architecture and are willing to show initiative, determination and commitment whilst taking responsibility from day one.

You will be...

- ...participating in some of the most important projects being carried out in Barcelona
- ...working in close cooperation with our architects and partners when deciding
- ... contributing technically and artistically to the preliminary and schematic design as well the design development of large projects

You are...

- ...an Architecture student in your last year
- ...proficient in REVIT, CAD, SketchUp and rendering tools
- ... an individual with **high architectural sensitivity and have impressive rendering skills**
- ...fluent in English and Spanish. German is a plus.

The internship will be paid. If you are interested, send us your CV, your cover letter and your personal portfolio to it@tag-am.net . We are looking forward to receiving your application!
